

JOAQUIN ISD 2016-17 School FIRST Rating FINANCIAL MANAGEMENT REPORT

School FIRST (Financial Integrity Rating System of Texas), is a financial accountability system for Texas school districts specified in 19 Texas Administrative Code Section 109.1001 which was originally created by the 77th Texas Legislature in 2001. The system ensures Texas public schools are held accountable for the quality of their financial management practices and that they improve those practices. It is designed to encourage public schools to manage their financial resources to provide maximum allocations for direct instructional purposes. The rating assigned is considered by the Texas Education Agency when assigning a school district's accreditation status.

The rating system is based on indicators and a point system for assigning a district's rating. For the 2015-16 report, the system changed to assign *a letter grade of "A= Superior Achievement", "B = Above Standard Achievement", "C = Standard Achievement", and "F = Substandard Achievement" with an 15 total. Indicators..* In previous years the system used one of four ratings with the highest being "Superior Achievement", followed by "Above-Standard Achievement", "Standard Achievement" and "Substandard Achievement" and 20 total indicators.

The FIRST system uses financial data submitted in the "Annual Audited Financial Report (AFR)" and staff and student data submitted through the "Public Education Information System (PEIMS)". This **2016-17 FIRST** rating is derived from actual financial and student data *for the 2015-16 fiscal year* (two-year old data).

The **2016-17 FIRST** rating is a maximum possible score of 100 points from 15 total indicators with a "Yes" or "No" assigned to indicators one through five.. Ten or less points are assigned to indicators six through nine and ten and eleven. For indicators nine and twelve through fifteen, 10 points are assigned as all or none (-0-). If a district scores a "No" on any of the indicators #1, #2.A. or #3-5 it automatically receives an "F".

JOAQUIN ISD scored 94 for 2016-17 FIRST with an "A= Superior" rating!! .

For fifteen consecutive years, since FIRST inception, Joaquin ISD has received the highest possible rating of "Superior with the exception of the t 2013-14 School FIRST where we received "Above-Standard Achievement". Two years ago the system was in a transition to a new system so for the 14-15 FIRST rating the district received the highest possible rating of "P-for Pass". Last year for the 15-16 FIRST rating we also received the maximum rating of "A=Superior".

The actual **2016-17 FIRST** report issued by TEA that is posted on their website follows. Explanations and comments about Joaquin ISD's data have been added to the TEA data for clarification. The prior year's 2015-16 report based on 2014-15 data is also included for comparison purposes.

Pages eight and nine of this report include some required items of disclosure related to Superintendents and Board members.

Was the debt service coverage ratio sufficient to meet the required debt service? (See ranges below.)

For 2016-17 \$(150,000) was transferred to the debt service fund to cover the difference in tax collections and debt payments. For the 2017-18 FIRST report the debt coverage ratio is estimated at only 1.063 so we will only get 4 points for this indicator in next year's FIRST rating. For 15-16--this year's FIRST rating-- the revenues exceeded expenditures and there was no shortage in the debt service fund (the year before our TRE).
