

Joaquin Independent
School District

Bus Riders
Safety Handbook

Dear Parent,

The Joaquin Independent School District provides bus transportation to and from school for eligible students residing in the district. The State of Texas prescribes the conditions governing school bus operations and funds the service by allotting the district a given amount for eligible students transported.

The State statute defines eligible students as those residing in the District at least two miles from the school they should attend, as measured by the nearest practical route, those crossing a railroad track or major highway. The nearest practical route is the nearest traveled public road which may or may not be the road used by the school bus. Address eligibility is continually audited year round. When an address is found to be ineligible (because of street openings, construction changes, etc.), notification will be made as soon as possible with a grace period allowed for parents to locate alternate means of transportation.

In order to meet the condition outlined by the State and provide safe, prompt movement of eligible students, the school district has adopted standard regulations and procedures and has provided restrictive measures for violations of the rules. They are herein outlined for your information and for the guidance of your child.

The school district is pleased to provide transportation for its eligible students and solicits your assistance in helping create a safe, healthy operation. You may do so by reading the enclosed material. We ask your cooperation with school personnel in developing proper behavior patterns for those pupils who ride buses.

If you should need information concerning bus routes or discipline problems, call Jimmy Jackson, Transportation Director, at 936-269-3127.

Please note that bus schedule drop of times can and may vary.

Thank You.
